Just like he said, they'll come after those of us who are cowards as well. And when they're done with us, they'll go after lefties also.

They have our internet history. You didn't need to go to DC. They were calling us terrorists and whites supremacists FROM THE BEGINNING JUST FOR SUPPORTING TRUMP!

Watch your back, go to your family, and be ready for Christ. Our life isn't meant for this earth but the heavens beyond. They're not coming for us because we support trump, they're coming for us because we believe in God. Because we do not comply like their reddit zombies.

I'm just enjoying my life now but I think there's a good chance things will get REALLY bad in 5 to 10 years.

Like Great Leap Forward, mass starvation bad.

First act of the TBO - Technocratic-Bureaucratic Oligarchy- get rid of cash (since banks don't make money on cash transactions directly), which gets rid of Grey Markets (like Flea Markets and Ebay/Etsy P/T Work and Garage/Used Sales).

Second act - get privately held vehicles done with except for the upper ranks of the "Outer Party" (Middle Executives, Middle Managers and up), with Electric only mandates.

Third act - get rid of privately held homes and land, rental/lease from a big holding corp only.

It's shocking if you look into REITs and other entities, since the Financial Crisis, how many SFHs have gone into the hands of Private Companies that once were only interested in entire large properties like Garden Apartment Complexes or High Rises.

I'd love to live off the grid but I've got eye problems that require constant medication. I'll be pretty fucked if/when shit really hits the fan. Unfortunately I'm totally dependent on the grid being up.

I'm getting laser surgery to try and fix it soon but it's not guaranteed to work.

Look whatever happens (whether Trump wins or not), just prepare yourself, if you can, on a total leftie agenda government. e.g. move to a red state, get a job away from SJW industries.

Then when your friends complain about "things" in the future, you can rub it in their faces that they didnt fight for the right to fair elections before.

But you can't bug out either because of the curfew. If they see you on the streets you're popped for sure.

The Covington Kids stood and smiled and they were racists.

Kyle Rittenhouse defended himself and was a mass murderer.

This side is not the side that will get the media's fawning adoration. A person is not good for doing good acts when they are rewarded for it. A good person is good because they do good when they are persecuted for it.

I'm with you pede. It's super scary but we were there for a part of history! I tried to keep my face covered, the police up on the Capitol scaffolding with the camera really freaked me out. We are all in this together and all we can do right now is have each others backs as much as possible whenever we can :)

"terrorist" is just rhetoric. At worst, you were trespassing, and I doubt they'll prosecute. No patriots on the inside did ANYTHING violent to ANYBODY. Property damage at the worst.

And in all likelihood, a 1st amendment defence could be made, that you were trying to get in there to express your political opinion.

And if you are white you are a racist and soon if nothing changes you'll need to be reeducated as millions of other people, starting with kids, if not you'll not be able to work. Next the reeducation and authoritarianism will be more severe. In 1-2 generations people will talk chinese.

They were(are) always going to label all of us terrorists and try to send us to camps sooner or later, whether you were in the Capitol building today or you've never done anything but like a Twitter post.

It saddens me that you were misinformed about today. You should have known that today was about violence. That was the whole point of today. People who went thinking this was just another Trump rally to drink some beers and wave flags haven't been paying attention.

It's clear, aren't entirely informed on what's going on right now. There is a war going on between two tribes. Two cultures. Two ways of life. We've seen these wars before in history before. Ideological wars like communism vs.

capitalism and religious wars, etc... You are not living in a country full of your neighbor anymore, almost half of the country is of a different tribe than you.

It doesn't matter if you're the nicest person in the world who has never hurt a fly, if you refuse to submit to the competing tribe, you will be persecuted. You can choose to submit or you can choose to resist. By going to the rally, you've marked yourself as someone who is resisting and again, I am saddened that you do not understand the situation right now because perhaps this is not what you wanted for yourself and would have preferred submitting.

In any case, Jesus taught us some very good tips for how to act when you are being persecuted. Reread Matthew 5. Understand that those rules though are only once you've lost the ability to resist (salt no longer has taste). If you still wish to resist but are scared then might I suggest channeling anger. For myself, I find when I'm scared, anger is the emotion that I use to counter it. They are persecuting you. You are a good person. Who are they to persecute a good person? They are bad people. They deserve to be persecuted for persecuting you and you will be the one to persecute them! That is what they deserve. Get angry at them what they are doing to you. WHO DO THEY THINK THEY ARE. Be willing to lose everything. Accept that you have already lost it all and shift the blame for that toward them. Channel your feelings of revenge, anger and hatred toward them. They deserve it. Once those feelings start brewing it should help to counter being scared.

You're going to stay stressed out and anxious though because you are under attack but understand stress and anxiety are self-defense mechanisms to help keep you alert to the danger. They're working for you right now!

You did nothing wrong. You are a soldier fighting for your country, freedom, and patriotism. You are a warrior and you don't even know it. They will do everything in their power to make you feel like you're a criminal, traitor, terrorist, rapist, murderer etc. Stay strong and know that you are none of those things. Hold the line because we are going to win.

Fear of the thing is oftentimes worse than the thing itself. They were going to persecute you anyway, whether you went to DC or not; now it will happen sooner and your fear of the thing will have evaporated because now the thing has come to pass and the fear of it can never harm you again. At that point, you accept your new normal, you adapt to it, possibly even thrive under the new set of circumstances, and life goes on.

You aren't alone, lots of us are scared - it's hard not to be as these historic events unfold. I had some doubts today, I'm not going to lie, I think many of us did. Think of why you did the things that you did, and if your intentions were pure and you did it all for the betterment of your countrymen, both present and future, then you will be able to live with yourself, and that is what is most important. You are not alone, we love you - hang in there!
